Dear Mr Luketina

**PERTH SEAWATER DESALINATION PLANT, KWINANA (STATEMENT 655)**

With regard to your Flora and Fauna Management Plan, March 2005, separated into the pipeline and plant sites, the Department of Environment has reviewed the Plans and considers that they are acceptable as is, though the comments of the Terrestrial Ecosystem Branch should be taken into account in the implementation of the Plans, as you consider necessary to achieve best practice.

Accordingly, on behalf of the Director General, I consider that the requirements of Commitment 3 (prepare a Flora and Fauna Management Plan) have been met.

Please note this approval for the Management Plans does not replace other approvals you may require from other government agencies to implement the Plan.

Yours sincerely

**James Treloar**  
Manager, Statement Management Section
