

Panel Contracts 2009

Sewer Refurbishment Panel

- A Sewer Refurbishment panel is being set up to provide services for works on live sewers.
- The main focus of the panel will be main sewer relining - some \$17.8 million per year for three years. We envisage selecting two or three contractors to provide services as and when required and funds become available.
- An existing panel contract is expiring and this contract is to take up when the existing panel Works are complete - anticipated late 2009 with preparations on site for works at the start of 2010.

For further info contact Project Director, Mr Charles Kretzmann on:

- email charles.kretzmann@watercorporation.com.au

Mechanical and Electrical Panel

- Currently developing a strategy to apportion work over a five-year period, from 2010/11 – 2014/15.
 - Estimated value of M&E works in the order of \$300 - \$500 million
 - Numerous projects across W.A.
 - Includes minor and major works, new works and renewals
 - A proportion will be allocated to existing delivery vehicles
 - Intention to go to market for balance March 2010
