Shirley Connelly / Troy Collie
Maunsell Australia Pty Ltd
PO Box 81
LEEDERVILLE WA 6902

Dear Shirley

Thank you for your interest in conducting a literature review for the Water Corporation's Southern Seawater Desalination Plant (SSDP) project. The review is to analyse studies pertaining to fish larval studies in the Binningup region of Western Australia. The context of this work is to provide the Water Corporation with knowledge as to the likely impact (if any) upon fish and other marine fauna as a result of the proposed SSDP. The results of the literature review must be received no later than COB on Monday 17 December 2007 (please note the time-restrictive timeframe).

The Water Corporation hereby requests Maunsell Australia to supply an approximate quote for the fish larval studies literature review and a likely submission date.

If you require any further information, please do not hesitate to contact me on 9420 2894 or at Suzanne.Brown@watercorporation.com.au

Attached:

- Proposed SSDP Site, showing indicative location of marine intake and outlet pipelines.
- Ten (10) reference papers. Please note that the review is not limited to these papers.

Yours sincerely

Suzanne BROWN
Environmental Project Manager
