

# COMMUNITY UPDATE - SOUTHERN SEAWATER DESALINATION PLANT

## Your Environment, Your Say

The Southern Seawater Desalination Plant will be the next major water source for Western Australia. As part of the planning for the project, the Water Corporation has prepared a draft Environmental Scoping Document (ESD).

This document outlines the environmental studies to be carried out to assess the impacts of the desalination project on the land, sea and people. Due to the high level of community interest in the project, we will release the *proposed draft* ESD for a two week public review from 26 November to 10 December 2007.

### From 26 November, you can view the ESD by:

- Grabbing a copy from the Binningup General Store or the Binningup or Harvey libraries
- Calling us on freecall 1800 810 075
- Visiting our website [www.watercorporation.com.au](http://www.watercorporation.com.au)
- Emailing us at [desalination@watercorporation.com.au](mailto:desalination@watercorporation.com.au)

### Community forum

A community forum will be held on 3 December 2007 at the new Binningup Water Sports Centre to discuss our environmental studies, and the team will be there to answer your questions. There will be two sessions held between 2-4pm and 6-8pm.

### Taranto Road Open Day

Join us on 2 December 2007 at the site of the desalination plant, Taranto Road, Binningup between 10am – 1pm. Our team will be there to talk to you, walk the site and discuss your local knowledge. For health and safety purposes, you must register for this event by calling freecall 1800 810 075 or emailing [desalination@watercorporation.com.au](mailto:desalination@watercorporation.com.au)

Please provide your comments on the ESD before 5pm 10 December 2007 by emailing [desalination@watercorporation.com.au](mailto:desalination@watercorporation.com.au) or by writing to PO Box 100, Leederville, WA, 6902.
