

Bunnings have spotted
where they can improve.

By conducting a water audit across their stores Bunnings are now able to save thousands of litres of water each year. As well as selling all the waterwise gear you can use in the home and garden, Bunnings have put it to use in their own Warehouses. Every little saving everyone makes helps save WA's precious water supplies. Let the Water Corporation show you the benefits of becoming a Waterwise Business. Call the Waterwise Infoline on 13 10 39 or visit watercorporation.com.au for more information.
