

## Waterwise Partners

In 2005, the Water Corporation established the Waterwise Partners' program. The aim was to form partnerships with business to promote the efficient use of water. As of August 2008, there are three Waterwise Partners – Antenna Business Development Agency, Bunnings and Tradelink.

To be recognised as a Waterwise Partner, organisations must commit to staff training and actively promote Waterwise products and/or services. To find out more about becoming a Waterwise Partner contact the Water Corporation on 9420 3507 or email [water.efficiency@watercorporation.com.au](mailto:water.efficiency@watercorporation.com.au)
