Mr M Williams  
Chief Executive Officer  
Shire of Mundaring  
7000 Great Eastern Highway  
MUNDARING WA 6073

Dear Mr Williams

Thank you for your letter of 9 September 2003 regarding the proposed Mundaring Water Treatment Plant. I have contacted the Managing Director of the Water Corporation on this matter and he has provided the following information.

"The Corporation is fully aware of the Mundaring Weir Precinct Plan developed by the National Trust in partnership with the Shire of Mundaring. Indeed, the Corporation funded the preparation of the draft Mundaring Weir Conservation Plan and has made financial contributions to the National Trust Golden Pipeline Project.

The Shire Council can be assured that the Corporation acknowledges Council's total opposition to the proposed water treatment plant below the Mundaring Weir and consequently has no intention of reconsidering any site options within the Precinct Plan area.

The Corporation confirms that it has not yet submitted a Development Application for a water treatment plant to be located anywhere within the Shire of Mundaring

During the forthcoming review of site options and additional community consultation, the Corporation will make it clear to the community that the site option below the Weir wall was excluded for compelling reasons in 1999 and will not be further considered by the Corporation."

Yours sincerely

Signed  
Hon Nick Griffiths MLC
