

Wastewater upgrade project in the City of Armadale

13/06/2019

Project update

From the **17th June 2019** our authorised contractor, Georgiou, will begin work to install a wastewater pipeline on the southern side of Keane Road from Allen Road to Armadale Road. The pipeline will be installed in stages and is expected to be complete by **26th July 2019**.

Work times

Work will be carried out on weekdays between **7am and 5pm**.

Property access and traffic management plans

We will aim to maintain access to properties at all times. If for construction and safety reasons access is temporarily unavailable our contractor will work with you in advance on an alternative arrangement. If you have an enquiry or issue regarding property access please contact Georgiou Project Manager, David Bradley on 0438 805 921.

During this time traffic management will be in place, closing access to a portion of Keane Road. Access to Allen Road will need to be sought via Anstey Road. We ask road users to follow the traffic management accordingly and take extra caution while in the area. Refer to map below which shows the construction area.

Reinstatement

Our construction method being open excavation, will mean unavoidable impact to roads and verges. Once the new pipe is in the ground all open trenches will be backfilled, compacted and reinstated.

We will send a notification prior to the reinstatement work starting.

Water Corporation follows a thorough reinstatement process to ensure all impacted areas are replaced like for like, where practically possible. We work closely with the City of Armadale and residents to ensure all reinstatements are carried out to an acceptable and high standard.

Who to contact

If you have an enquiry or issue requiring immediate actioning onsite, i.e. property access, please contact **Georgiou Project Manager**, David Bradley on **0438 805 921**

For general enquiries please contact Water Corporation Community Engagement Advisor Kym Walker on **9420 3527** weekdays during business hours. Alternatively, email **community.engagement@watercorporation.com.au**

For project information, please visit www.watercorporation.com.au/balannup

To report a fault, emergency or security issue, please call **13 13 75** (24 hours).

We appreciate your cooperation and understanding while this essential work is carried out, and apologise for any inconvenience caused.
